How the Contractor Categorization and Grading process is determine:

The contractor categorization and grading process is determined by the following factors: **Best Annual Turnover**, **Largest Contract** and **Available Capital**.

- **Best Annual Turnover** as determined by the best turnover over a period of (3) three years.
- **Largest Contract** is determined by the largest contract undertaken and completed for **Projects done** in your class of construction works (completed during the (3) three years immediately preceding the application).
- **Available Capital** is the sum of total equity and retained income or any form of surety from recognised financial institutions over a period of (3) three years.
- Your grading will be used by project owners to qualify your tender to be considered for a particular construction works contract. For example, if you are registered as a grade **B2**, you will be considered for general building works of a value to a maximum of E25 million.

CONSTRUCTION FIRMS REGISTRATION FORM - CICF 1

Determining Grading Criterion

There shall be an annual grading of all construction firms as follows:

Weighted averages are given to the grading factors of Best Annual Turnover – **10**, Largest Contract – **70** and Available Capital – **20**

The formula for the categorization and grading criterion will be calculated as the ‘*point allocated to the relevant graded factor multiplied by the weighted average*’. The totals acquired by multiplying the *point allocated to the relevant graded factor with the weighted average* of each graded factor will then be added together to acquire the determining score rating.

1	1	1	1	1	1

NB – Points range from 1 – 4 and zero (0) is allocated where there is no figure in a relevant grading factor.

*NB 1: The determining amounts for grading are derived as a percentage (%) of the upper limit of the tender value range. The percentages determined as follows;

- **Best Annual Turnover** – is calculated as 50% of the upper limit of the tender Value Range. e.g. B1 upper limit range is E120 000 000 then the best annual turnover is =< E60 000 000.
- **Largest Contract** – is calculated as 20% of the upper limit of the tender value range e.g. B1 Upper limit range is 120 000 000 then the largest contract is =< E24 000 000.
- **Available Capital** – is calculated as 10% of the upper limit of the tender value range e.g. B1 upper limit tender value range is 120 000 000 then the largest available Capital is =< E12 000 000.

*NB 2: A complete set of financial statements and balance sheet is required for grading categorise B3 to B5; C3 to C5; E3; and M3 accompanied by stamped business bank statements for the period in question for verification of turnover as stated in the financial statements (not compulsory for audited financial statements). Audited financial statements will be required for the higher categories B1, B2; C1, C2; E1, E2; M1, M2.

Rules for Registration

The Registration of construction firms and specialists shall be done at the Construction Industry Council (CIC) offices.

- a) **Building, Civil, Electrical, Mechanical and Specialist Works** to be registered shall lodge an application with the CIC in form **CICF1**.
- b) The CIC will register each contractor in the category in which they qualify for, based on the information provided.
- c) A contractor may be registered in more than one class of works but may only hold one category in relation to a particular works discipline.
- d) In the case of any changes in the Partners/Directors, the construction firm shall be required to report to the CIC within one month of the date of such change.
- e) Change of Shareholding and Mergers shall only be approved by the Council on the authorization by the Eswatini Competition Commission.
- f) The name, address and other particulars of the Firm/Company should exactly match with those mentioned in all the License/Registrations/Certificates issued by various authorities. It is construction firm's responsibility to keep all the Licenses/Registrations/Certificates issued by various authorities up to date. A construction firm should produce all the renewed Licenses/Registrations/Certificates to the CIC well before their expiry.
- g) A construction firm shall not be registered in the event that the required documentation is incomplete. In this instance, a construction firm will be allowed two (2) weeks to correct or submit the required documentation; thereafter a penalty of 10% will be imposed.
- h) Construction firms should be registered with Ministry responsible for company registration either as a limited liability company, partnership or sole proprietorship.
- i) It is mandatory for a construction firm to have a Technical Director as a requirement for registration. The Technical director shall be a share-holder, partner or sole-proprietor with certain minimum technical qualifications in the requisite field of application. For purposes of verification, the contractor will have to submit the necessary academic and professional certificates, Memorandum and Articles of Association in the case of limited liability companies.
- j) Construction firms will be required to have operational facilities.
- k) A construction firm that wishes to change grades is free to apply to the Council, and the Council shall grade the construction firm to determine eligibility at the prescribed registration intervals.
- l) Unfair competition practices within the construction industry will be investigated and penalized accordingly.
- m) No holding company shall be registered in the same class of works and/or category wherein a subsidiary is already registered and no subsidiary company shall be registered in the same class of works and/or category wherein its holding company is registered.
- n) Subsidiary Companies shall not be graded and categorized with the grading information of a holding or sister company.
- o) Compliance in terms of the registration of all projects undertaken and being up to date with the remitting of construction levies shall be a pre-requisite for annual registration.
- p) The Council shall have no authority to issue a certificate of renewal of registration to a contractor who has not paid the appropriate amount of levy in the previous financial year.
- q) In the event that a construction firm is not satisfied with their new category as decided by Council in the grading process, the construction firm will be allowed to appeal to the Minister responsible for Public Works.
- r) The late renewal of construction firms within a financial year, after the set deadline shall carry a penalty of **10% of the annual renewal fees**.
- s) In the event a construction firm does not return for renewal in the set financial year, the full administration fees, subscription fees and 10% penalty of the annual renewal fees shall be required.
